PINNACLE 2024
is an
Inter-School Competition

*In pages of the past, heroes brave, Their stories echo, our hearts they engrave.
Guiding lights in history's night, Their courage fuels our future's flight.*

We do not have to become heroes overnight. Just a step at a time, meeting each thing that comes up and mustering the strength to stare it down is what creates heroes. The need is to realize that persistence and resilience only come from having been given the chance to work through difficult problems. Our school is committed to empower the learners to explore beyond classrooms through rational thinking, creative imagination, and critical approach, thus embarking on a quest for excellence. Keeping this in mind we are organizing the inter school competition PINNACLE 2024. Since its inception, this competition has become a spectacular event by the enthusiastic participation of various schools. This time we have focused on the theme 'Climate Change' to raising awareness and empowering actions.

We are excited and happy to announce the result of PINNACLE 2024 and congratulate all the achievers as well as participants, participating schools, teachers and Principals. I congratulate to the Inter School Competition Committee members and my staffs who had done a great job in behind to make this event successful.

BBPS provides an inclusive environment where students are encouraged to put their best foot forward to achieve academic, sporting and social excellence. Students are provided with platforms in the form of various inter class, inter house and inter school competitions where not only the inborn talents of the child is polished to shine but also builds confidence and help enhance their personality. This offers a wide range of benefits to the students such as a stage to showcase their talents, boost confidence, develop leadership qualities, teamwork and improvement of social skills. Now this time we are happy to host PINNACLE 2024 with the enthusiastic participation of various schools from the different parts of India. From deciding the theme of the competitions to result declaration, it requires a lot of time and efforts. All these things were successfully executed by the teachers.

I personally congratulate on behalf of BBPS Ratnagiri fraternity, all the participating schools, students and teacher in charges for their enthusiastic participation as well as all the efforts put in to make this event a grand success
